EDUCATION

MIPT(Moscow Institute of Physics and Technology) 2022 - 2026 Current GPA: 7/10

Coursework

Main Courses: Discrete Math, Linear Algebra, Higher mathematics, Physics, Computer technologies, Basics of radio engineering, Fundamentals of digital electronics

TECHNICAL STRENGTHS

HDL	Verilog / SystemVerilog
Computer Languages	C/C++, Python, ARM Assembly
Languages	English(B2), Belarussia(Native), Russian(Native)
Software & Tools	VS Code, Linux, Quartus, IcarusVerilog, GTKWave, Latex, Git/GitHub

WORKING EXPERIENCE

internship in the company “MCST” (01.07.2024 - 30.08.2024)	”Microarchitecture of computing devices” program project link
--	--

ADDITIONAL ACHIEVEMENTS

Third place on the ”SoC design challenge 2024” RTL design track
passed The school of synthesis of digital systems 2023-2024
